

Double-Action Hydraulic Steel Metal Door Embossing Machine

Hydraulic Station

■ Touch Screen Control Panel

■ Hydraulic Valve

■ Siemens Electric Parts

■ Siemens Motor

■ PLC

Machine Body

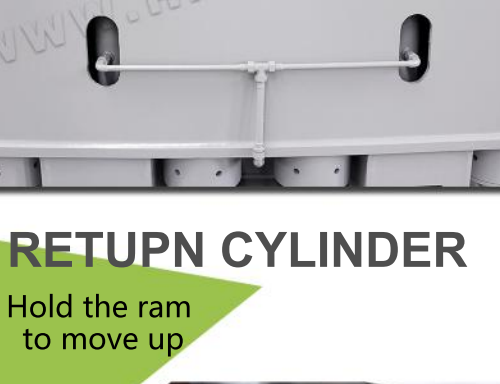

■ CYLINDER

Good material and high hardness treatment

■ SEAL RINGS

NOK brand from Japan

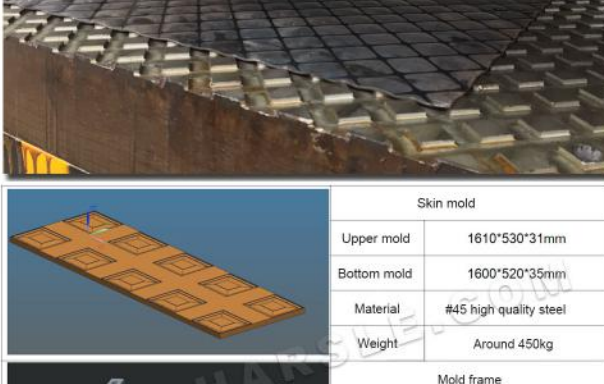

■ STEEL OIL TUBE

Esthetic appearance and reduce the possibility of oil leakage

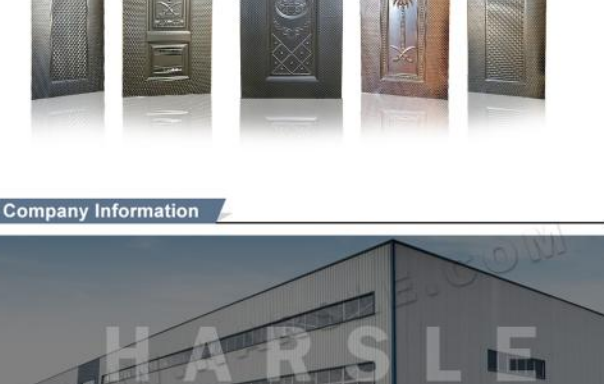

■ RETURN CYLINDER

Hold the ram to move up

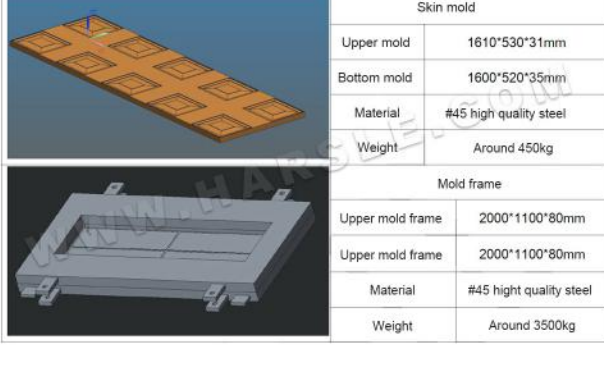

■ FOOT SWITCH

Movable and compact controller

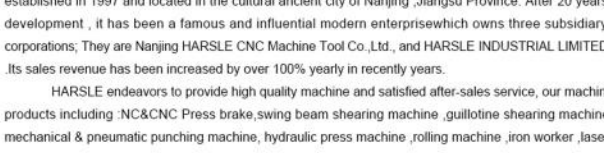

■ MOLD FRAME AND SKIN MOLD

Double-Action worktable

Skin mold	
Upper mold	1610*530*31mm
Bottom mold	1600*520*35mm
Material	#45 high quality steel
Weight	Around 450kg
Mold frame	
Upper mold frame	2000*1100*80mm
Lower mold frame	2000*1100*80mm
Material	#45 high quality steel
Weight	Around 3500kg

EMBOSSED DOOR SHEETS

Company Information

ABOUT US
